The 6th International Symposium on Biomedical Engineering

Young Researchers Presentation Award
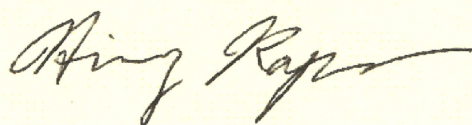

Presented to

Fahad Parvez Mahdi

Tokyo Institute of Technology

For the presentation entitled

Virtual High-Radiation-Dose Image Generation from Low-Radiation-Dose Image in Digital Breast Tomosynthesis (DBT) Using Massive-Training Artificial Neural Network (MTANN)
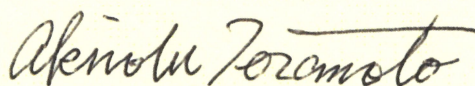

December 2nd-3rd, 2021

On behalf of the Research Center for Biomedical Engineering

Prof. Hiroyuki Kagechika
Tokyo Medical and Dental University

Prof. Naoto Ohtake
Tokyo Institute of Technology

Prof. Akinobu Teramoto
Hiroshima University

Prof. Hidenori Mimura
Shizuoka University
